those who keep a finger on the pulse of british democracy often announce that the patient is in a critical state in the 1970s the diagnosis most often came from the right with dire warnings of the debilitating effects of social democracy since the 1979 election it is those on the left who are pessimistic pointing to an insidious authoritarianism that threatens democratic values therefore a book which maintains that a major turning point in british politics has been reached is not in itself particularly rare what sets british democracy at the crossroads originally published in 1985 apart however is the breadth and depth of its analysis it breaks the mould of conventional political science by marrying a study of voting in the 1983 election using a specially commissioned survey with a detailed presentation of the context in which the election took place including analyses of the dynamics of political parties of the role of the news media before and during the campaign and other important issues this markedly different approach to the subject allows the book to serve two valuable functions it provides a clear and concise introduction to the various methods of electoral analysis which will be welcomed in the classroom and lecture theatre also by drawing on modern political theory it develops a distinctive radical perspective on the interconnected themes of party competition and electoral behaviour contesting many of the assumptions that underlie the orthodox accounts of electoral dealignment this is a challenging and stimulating book that no one with an interest in the future of democracy in britain can afford to ignore

this volume brings together a cross section of papers presented at the 33rd international council of social welfare icsw conference in tours france in july 2008 the contributions raise important topics offering great insight into the multiplicity of ways that nations and communities are responding to the challenges of globalisation as well as internal demands for greater social justice and equality as well as mechanisms for civil society back cover
