this book brings together the latest literature and european experiences on preventing youth violent radicalisation and violent actions in intergroup relations youth violent radicalisation is a significant problem within the european context and requires an exploration of how various social actors can play an active role in preventing radicalisation in minors and young adults this complex issue needs to be explored through a multidisciplinary approach and effective operational models are needed in order to tackle it this book describes the theoretical framework for such an approach in all its facets the book s originality lies in its psychosocial and participatory approach aimed at improving results through professional training and community empowerment for building trusting relationships and educational activities it also proposes alternative narratives which are a way of representing people and groups within a social context thereby overcoming stereotyped visions and stigma this book focuses on

participation and communication among stakeholders social inclusion strengthening democratic values and pursuing a proactive instead of a reactive approach to preventing radicalisation highly topical the book will appeal to researchers and students of the social and behavioural sciences interested in youth radicalisation including social work and social policy as well as practitioners working within the juvenile justice system

today international investment law consists of a network of multifaceted multilayered international treaties that in one way or another involve virtually every country of the world the evolution of this network continues raising a host of issues regarding international investment law and policy especially in the area of international investment disputes this yearbook monitors current developments in international investment law and policy focusing in part one on trends in foreign direct investment fdi international investment agreements and investment disputes with a special look at developments in the oil and gas sector part two then looks at central issues in the contemporary discussions on international investment law and policy with contributions by leading experts in the field this title provides timely authoritative information on fdi that can be used by a wide audience including practitioners academics researchers and policy makers

the borders of empathy in children s fiction centres the question of how reading fiction develops our moral imagination and our capacities to think and feel with others the question is approached with a good dose of scepticism revising tensions between ethical aesthetical and pedagogical dimensions when certain books films and other cultural materials are recommended for children this volume examines how texts addressed to children are meant to assist socioemotional education and whether we put forward adultist assumptions around such conceptualisations of the emotional the book is organised into nine chapters with some of them focusing on difficult themes such as violence xenophobia death migration as well as gender and social exclusions and some others on more general relationships between emotions media and education the chapters combine a textual analysis of recommended cultural materials for children with insights from empirical research and ethnographic approaches to children s cultures a common thread throughout the book is the open question about the epistemic injustices in knowing children and childhood and how this may be overcome by shifting our research practices with posthumanist philosophies the open access version of this book available at taylorfrancis.com has been made available under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license

this comprehensive commentary provides article by article exploration of eu regulation 655 2014 analysing and outlining in a straightforward manner the steps that lawyers businesses and banks can take when involved in debt recovery it offers a detailed discussion of national practice and legislation in order to provide context and a deeper understanding of the complex difficulties surrounding the procedural system created by the european account preservation order eapo regulation

warrior monks the misnomer for the iberian military orders that emerged on the frontiers of europe in the twelfth century have long fascinated general readers and professional historians alike proposing ecclesiastical knights as a more accurate name and conceptual model warriors animated by ideals and spiritual currents endorsed by the church hierarchy author sam zeno conedera presents a groundbreaking study of how these orders brought the seemingly incongruous combination of monastic devotion and the practice of warfare into a single way of life providing a detailed study of the military religious vocation as it was lived out in the orders of santiago calatrava and alcantara in leon castile during the first century ecclesiastical knights provides a valuable window into medieval iberia filling a gap in the historiography of the medieval military orders conedera defines categorizes and explains these orders from their foundations until their spiritual decline in the early fourteenth century arguing that the best way to understand their spirituality is as a particular kind of consecrated knighthood because these iberian military orders were belligerents in the reconquest ecclesiastical knights informs important discussions about the relations between western christianity and islam in the middle ages conedera examines how the military orders fit into the religious landscape of medieval europe through the prism of knighthood and how their unique conceptual character informed the orders and spiritual self perception the religious observances of all three orders were remarkably alike except that the cistercian affiliated orders were more demanding and their members could not marry santiago calatrava and alcantara shared the same essential mission and purpose the defense and expansion of christendom understood as an act of charity expressed primarily through fighting and secondarily through the care of the sick and the ransoming of captives their prayers were simple and their penances were aimed at knightly vices and the preservation of military discipline above all the orders valued obedience they never drank from the deep wellsprings of monasticism nor were they ever meant to offering an entirely fresh perspective on two difficult and closely related problems concerning the military orders namely definition and spirituality author sam zeno conedera illuminates the religious life of the orders previously eclipsed by their military activities

vol 2 no 8 is a monograph with title the history of ancient vinland by thormod torfason translated from the latin of 1705 by prof charles g herbermann with an introduction by j g shea 1888 83 p
